Overview

Year-long program designed for twelve mentees grouped together with mentors from the journals' editorial board.

Mentees complete one free online reviewer course (Publons).

Groups selected on a monthly basis to review one paper and provide comments.

Mentors provide feedback to mentees on a scheduled call and help draft a review before it is submitted to the journal.

Process

A time for a monthly call is identified

A paper is selected for review

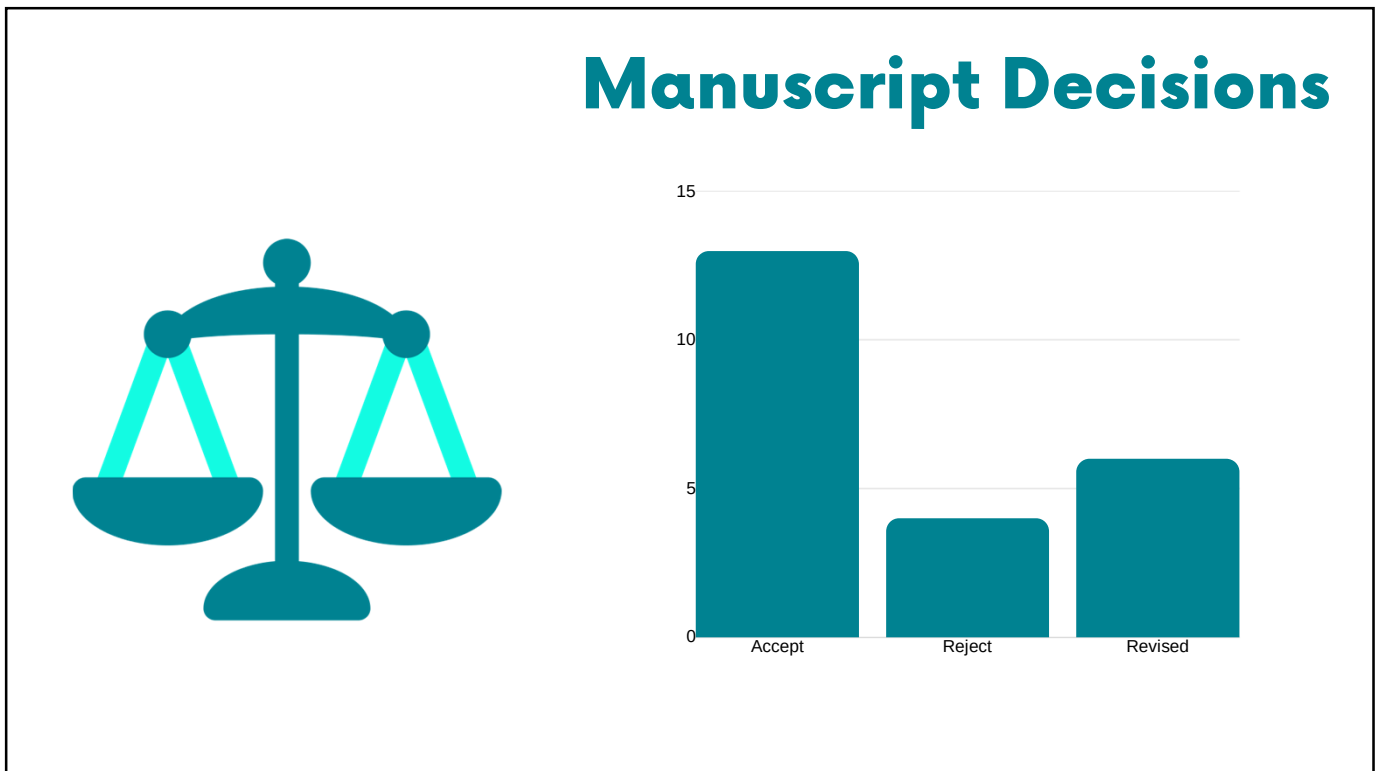

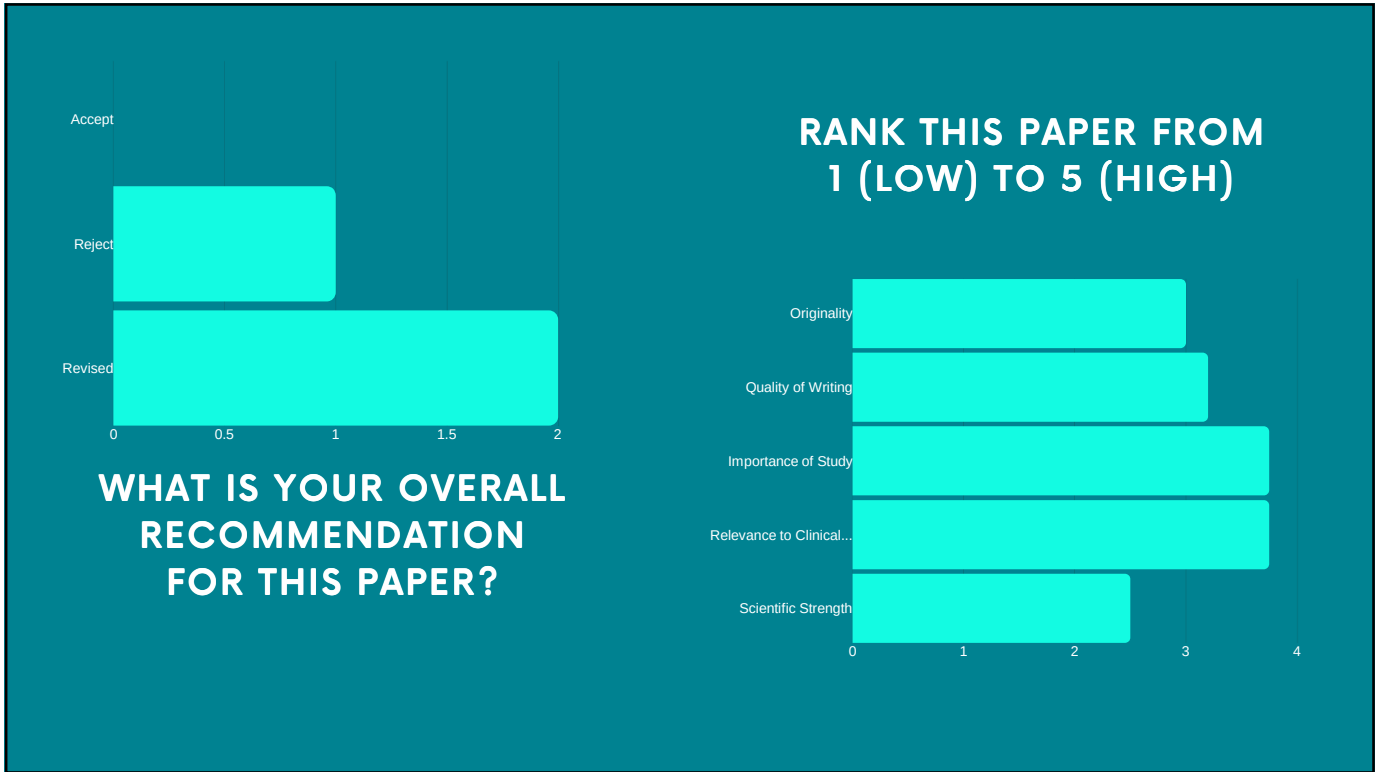

Mentees provide comments

Paper is discussed on call

One mentee submits a collective review

INCENTIVES

ASCO members receive 1 FASCO point

Mentees join regular reviewer pool

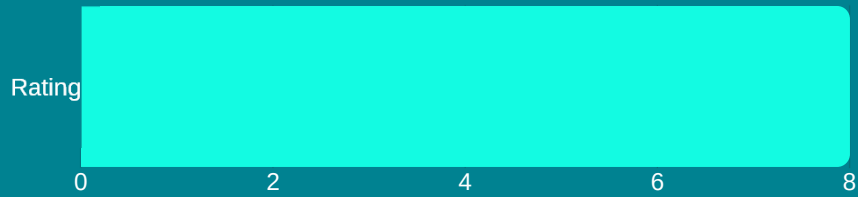

Mentees are considered for Editorial Board

Recognition

How would you rate this program?

Challenges

MENTEES WANTED TO REVIEW MORE PAPERS

SOME CALLS HAD TO BE RESCHEDULED DUE TO AVAILABILITY

OUTCOMES

2018 MENTEE

2018 MENTOR

"I enjoy mentoring because I see people start to learn how to understand each other in a completely non-judgmental form, where [mentees] openly express where they stand and question where other people stand, and interact on a personal level."

**IT'S BY FAR
THE BEST REVIEW**
