SKILLS OF THE FUTURE

10 SKILLS YOU'LL NEED TO THRIVE IN 2020

WHAT IS THE FOURTH INDUSTRIAL REVOLUTION?

The Fourth Industrial Revolution builds upon the foundation of the Third Industrial Revolution by incorporating industries of our time.

- ✓ Artificial Intelligence
- ✓ Internet of Things
- ✓ Self-driving Vehicles
- ✓ Nanotechnology
- ✓ Renewable Energy
- ✓ Quantum Computing
- ✓ Biotechnology

Development of new industries and products, new markets will emerge which will require a new set of skills for employment. Increasingly, such trends will have major impacts, and jobs that don't exist before will be in-demand.
