

Name Change for CBE: The Feedback by Fax

Patricia Huston

CBE President

Thanks to all who sent me “fax back” forms with your opinions on changing the name of CBE to “Council of Science Editors”. When CBE Views went to press, I had received 59 faxes: 57 for and 2 against. All in all, the name change seems like a good idea! Please take the time to vote on the proposed bylaw change that will make this happen.

I really like sculpture.
There are no editors
involved.
