

◆ Susan Eastwood Receives Distinguished Service Award

CSE presented its Distinguished Service Award to Susan Eastwood at the 2000 annual meeting.

“Susan Eastwood’s contributions to the Council over the past decades”, said Barbara Meyers, 1999-2000 Council President and Honors Committee, in conferring the award. “Susan is being honored this year most especially for her leadership in activities.”

The award recognized Eastwood’s coordination of the Council’s Mandate Task Force, her leadership in the Council’s educational programs, and her contribution as the 1997 president of the Council.

Susan Eastwood

“The legacy of the Task Force will be enriching the Council for many years to come”, Meyers stated. “The short courses, workshops, and annual retreat all came of age under Susan’s leadership. Finally, her never-abating commitment as president will serve as a special example for future leaders.”

Eastwood has been a Council member since 1979. She is director of publications and grant writing at the Department of Neurological Surgery, University of California, San Francisco.
